EQUIPMENT CHECK

Fujikura Cleaver

Periodic maintenance ensures reliable splices
and a longer service life

MAINTENANCE

The Mandatory Programme For Your Cleaver

The requirement for perfect splices with the lowest possible attenuation is cleanly broken fibre ends. Periodic, in-depth **cleaning of the cleaver and adjustment of the mechanics** guarantee properly broken fibres. As a certified service centre we clean and adjust your cleaver according to the manufacturer's specifications and corresponding **verification documents**.

We guarantee quick delivery, 100% reliability, and best customer service.
